

New Disc Zone Parking Scheme and Parking Information

Settle's Town Mayor David Taylor is pleased to announce the launch of the disc parking scheme on the Market Place and surrounding streets.

'This has been a long time in the planning and I would like to thank all Town Council members, North Yorkshire County Council, Harrogate Borough Council and all members of staff involved and in particular my predecessor Cllr Ian Robinson for enabling this to become a reality. There will be a period of adjustment until we all get used to the new scheme.'

This cost effective way of providing free parking is to help local shops and businesses and for the benefit of residents and visitors alike. Whilst at the same time preventing vehicles from occupying parking spaces for long periods of time next to commercial premises.

The Disc Zone covers the Market Place including the area adjacent to the Chemist and also includes behind the Shambles and along one side of Cheapside and one side of the High Street.

By displaying a timed disc, available from local shops or you can use your own timed disc from anywhere else, you are able to park for up to 2 hrs on the Market Place and up to 30 mins in designated parking bays.

This applies Mon – Sat 8am til 5pm. Parking is **not** restricted after these hours.

All other street parking is marked as double yellow lines. No parking at any time.

No parking on the Market Place on Tuesday 6 am-6pm

Settle has 3 pay and display Car Parks Ashfield, Whitefriars & Greenfoot. Costs vary from as little 80p per hr up to £3.10 for up to 4 hrs Full details of costs can be found on Craven District Council website

<http://www.cravencdc.gov.uk/article/1871/Parking-in-Settle>

Harrogate Borough Council will be the enforcement agency for parking fines and any queries or appeals should be directed to them. Details will be on the ticket.

The Launch Date for the disc parking will be announced in the Craven Herald and on the Settle Town Council Website and Facebook page.
